To Whom It May Concern:

**Henry Anderson – Marine Catering Services**

I highly recommend Henry Anderson of Marine Catering Services as a candidate for employment. Henry has been employed by Anglo Eastern (UK) Limited as a Catering and Hotel Service Hygiene Consultant since 2011. This has involved him sailing on our LNG Vessels to train the Galley staff and Mess men to the standards required to deliver quality food in hygienic conditions and to bring the Accommodation to the required high standard to be fully compliant with the conditions of MLC 2006.

Henry has good communication skills with which he is able to work with and train all nationalities. In addition, he is extremely organised, reliable and computer literate and is no stranger to hard work and conducts his training with hands on approach.

Henry has been extremely successful in achieving savings in victualing budgets and improving the standards of the menu structure and culinary performance onboard our vessels.

Henry would be a tremendous asset for any company and has my high recommendation. If you have any further questions with regard to his background or qualifications, please do not hesitate to contact me.

Best regards,
